

The Cookie JAR Caters to Your Desire

Orlando, FL, January 5, 2003 -- If you spent time doing summer stock, chances are you enjoyed a legendary meal catered by The Cookie JAR Food Services. The family owned-and operated business is named for the three initials of "Mama" Rose and her daughters Josie Torondo and Angela Sampaio. The family began catering summer theatre in Rhode Island nearly twenty years ago when their legendary hot, homemade cookies made them famous to tartists including Frank Sinatra and Liberace.

Specializing in home-made recipes handed down through several generations, they offer craft services to full catering and take pride in always being ready to prepare ANY request on the spot – from a dietary need to a special appetite craving. Ask the members of N'SYNC and Tiger Woods about their favorite 'dish' from the Cookie JAR.

You'll find their services on the lot at Universal Studios Florida. Call Josie at 407/224-5974.
